## Employment history

09/2010 – present <i>1 year 8 montsh</i>	<b>Project Manager/Technical Team Leader</b> <i>Stefanini</i>
---	--

As a project manager I was responsible and accountable for the coordinated management of multiple projects, responsible for the recruiting of new people, mentor and lead personnel, provide delivery management to ensure customer satisfaction, work with product owners and make resource assignments.

As a technical team leader I was responsible for all the technical issues and team training.

03/2006 – 08/2010  
4 years 6 months

**Lead Software Developer**  
*Software Magic*

As a lead software developer I was in charge of multiple projects and primarily responsible for the underlying architecture of the projects. In the time I worked here I developed a lot of projects for the company but the most important one was Yearbookzone ( an online Photoshop ) a project that took 2 years and was the company main product.

The technologies I used were:

- Adobe Flex/AIR
- Action Script 3 ( using PureMVC and Parsley frameworks )
- Action Script 2
- PHP ( using Zend Framework, server side for Flex )

09/2005 – 12/2005  
4 months

**Web Developer**  
*Media Juice*

As a we developer I was in charge of building web applications usign PHP, MySQL and javascript.
